Cindy's
Guide to Living
(cheaply)
in
Champaign-Urbana

2017

June 2017

Hi!

I want to welcome you to Champaign-Urbana, Urbana-Champaign, C-U, U-C, or Shampoo-Banana...it's all the same place! The twin cities are divided by a single street -- Wright Street -- which runs through the center of campus. If you are west of Wright Street, you are in Champaign, to the east, you are in Urbana.

I developed this handbook back in 1994 in an attempt to help students new to town learn the little secrets the "townies" know about C-U. I know that grad school is a big enough transition without the added stress of being new to a community. I hope this will help ease that stress by giving some ideas about where to go and how to easily get around town.

I am a "townie"; born and raised in C-U. I graduated from both Urbana High School and the University of Illinois (in psychology) *decades* ago. I lived in Los Angeles for 11 years, but always considered C-U my home. I returned to town in 1992, to a very fast-growing area -- where miles of cornfields once stood, shopping malls and restaurants now thrive.

When I lived in LA, I could have definitely used a guide such as this. Living with a grad student husband, and only getting paid once a month, we had to learn to budget carefully. I have never completely given up that budget-conscious lifestyle. Thus, most of the places I talk about in this guide are relatively inexpensive, though I do mention (and recommend) some of the more expensive places to go.

This list is primarily comprised of places where I actually shop, eat, and visit. My lists are, as a result, limited. There are many other places besides the ones I include here, and many are just as good, I'm sure. It's all relatively subjective. I also primarily list places off campus, as you are more apt to find the hidden gems on campus yourselves.

I have included other information that may come in handy for new graduate students such as emergency, utility company, and University phone numbers, along with news sources, and some ways to get around town.

I hope you will find the information in this guide useful. This is a wonderful community to live in, with lots of variety, and new businesses starting up all the time. Sometimes these restaurants and businesses only stay around for a short time, and as a result, this guide may be out of date in a matter of months. So, if you like a place, be sure to visit it frequently. Always support your favorite local businesses!

Here is one final money saving tip: Always ask if a business has a STUDENT DISCOUNT. Many businesses are very supportive of our students and offer special discounts on their goods and services to students who can show a student ID card. It may be \$1 or 10%, but it all adds up over time!

If you have any questions, please don't hesitate to ask me. And if you need help navigating graduate school, check out the Graduate College's New Grad Student Welcome Guide at www.grad.illinois.edu/quick-guide.

I sincerely hope you enjoy your time in C-U!

Important Phone Numbers

If you are calling a University number from a University phone, you only dial the last 5 digits of the phone number (e.g., to call 333-1630 from a campus phone, you dial 31630.) Unless it is a 300-XXXX number, then you must dial all 7 digits.

When calling an outside line from a campus phone, you need to dial a 9 first, then the number. All local phone numbers within Champaign-Urbana and surrounding area are in the 217 area code. (i.e.: 217-333-1630). As long as the number you are calling from is within the 217 area code, there is no need to dial 217.

Emergency Numbers

If you find yourself in a life threatening emergency (fire, severe accident, robbery, assault, etc.) **always call 911 first!**

Life Threatening Emergency call: 911 (on campus: 9-911)
METCAD (911 Service for Champaign County) – Non-Emergency contact 333-8911

As graduate students, you can utilize either Carle or Presence Covenant Hospitals in an emergency. For regular health care, you should first contact **McKinley Health Center** on campus (listed under University Phone Numbers).

Tenant's Unions/Local Utilities (Customer Service Numbers)

Before you put your deposit down to rent a house or apartment, you may want to speak to a **Tenant's Union** first. They can give you free information regarding your potential landlord. If you are a student and have paid your SORF fee, contact the campus tenant's union. If you are a non-student or incoming student, contact the C-U Tenant's Union.

Cell Phone Companies

There are so many different cell phone companies to choose from that I have decided not to list them. I personally use **Verizon** and have been quite happy with them. They give an 18% discount for being a University of Illinois employee, so if you go with them be sure to mention you work here!

Getting Around

I find that many students **walk** to and around campus...it's cheap and it's good exercise. However, probably the most efficient way for students to travel on campus and around town is by

Bus

C-U Mass Transit District (CU MTD) 1101 E University, Urbana	384-8188 Office open 8-5 Mon- Sat	www.cumtd.com	mtdweb@cumtd.com
--	---	--	--

As a student, you are entitled to ride the MTD for FREE (OK, you actually pay for this privilege with part of your student fees), including shuttle buses and Niterides. You must present your I-card in order to ride free of charge. Non-students pay \$1.00 a ride, with one free transfer.

Shuttle buses around campus run regularly and often, throughout the school year. Niterides are available after normal working hours throughout the school year. Schedules are available: on buses, at Illini Union, at MTD, on-line, and in the Biophysics office.

Bicycles

Many students also ride **bicycles**. In Spring 2017, Urbana was listed as a Gold Bicycle Friendly Community by the League of American Bicyclists (www.bikeleague.org/community) - one of 26 cities given that honor. Champaign received a Bronze ranking. There are bike paths all around town. A new riding/hiking trail is under construction to link Urbana to Danville along an old abandoned railroad track. The Kickapoo Rail Trail from Urbana to St. Joseph opened in Summer 2017!

Remember to ride defensively, and watch for other bikes, other vehicles of the 2 or 4+ wheel varieties, and especially pedestrians. You will need to register your bicycle with Campus Parking (see below).

If you are looking to purchase a bike, I've always gone to Durst Cycles. I got my first bike there when I was about 8 years old. Check out their huge "garage sale" every fall. There are several other places in town that sell/repair bikes as well.

Durst Cycle & Fitness 1201 S Mattis, Champaign 1112 W University, Urbana	352-3300 367-3600	www.durstcycle.com	durstcycle@gmail.com jdurst74@gmail.com
---	----------------------	--	--

You can also pick up **used bikes**, which are usually much less expensive than new at:

Police Sales/Auctions -- The Champaign, Urbana, and Campus Police departments hold sales/auctions each year to dispose of impounded/stolen/lost bicycles. Call the police stations for dates. You can get some very good deals on almost new bikes at these events. People line up around the block for a chance at a new bike.

Garage Sales and Newspaper Ads -- Look in local papers for sales. If you are patient and are diligent, you can get some real bargains!

If you like to build, work on, or repair your own bike, check out **The Bike Project of Urbana-Champaign** (thebikeproject.org, contact@thebikeproject.org) for DIY work space, tools, and a community of like-minded individuals!

Motorized Vehicles

Scooters and **motorcycles** are quite popular forms of transportation, especially when fuel costs are high. I strongly suggest, before investing in a 2-wheeled vehicle, that you take the Motorcycle Rider Program (www.mrp.uiuc.edu) offered through the University of Illinois. The class is very popular, so you should register early, or try to come in as a walk-in. I began the course once and soon realized I was not cut out for driving a two-wheeled motorized vehicle; but it did make me a better passenger. If driving to campus, there are motorcycle-designated parking spaces in most lots that you can rent, and you do have to register all vehicles parked in University lots (see Parking below).

Driving your car to campus is *not* recommended. It is very hard to find parking on campus; parking meters run \$1.00 for 1 hour; and the cities of Champaign and Urbana, along with Campus Parking, love to give parking tickets (with prices ranging from \$7-\$50 a ticket)! If you are lucky enough to get a University rental spot, it can cost you over several hundred dollars a year. Additionally, you must register your car with Campus Parking. Here are some addresses you may find helpful should you decide to drive anyway.

To obtain a driver's license, so you may legally operate motorized vehicles in the State of Illinois:

Driver's License Examination Station (aka DMV) 2012 Round Barn Center, Champaign	800-252-8980 278-3344	www.cyberdriveillinois.com
--	--------------------------	--

Hours of operation: 8:00am-5:00pm Tu-Fri (till 5:30pm Tu). 7:30am-12:00noon Sat. If you plan to take a driving "road" test you must arrive at least 2 hours before closing, and you must show a vehicle insurance card.

You must present acceptable identification in order to apply for a license for the first time. For specific details see: www.cyberdriveillinois.com/publications/pdf_publications/dsd_x173.pdf.

If you want shorter lines and wait times, visit the Rantoul (892-8773), Tuscola (253-2813) or Monticello (762-2841) offices! During the academic year, the mobile DMV unit comes to the Illini Union for one day (9:30am-3pm), generally the last Wednesday of the month. It has become quite popular, so prepare for a short wait...but nothing like the main branch.

To register cars, bikes, motorcycles on campus and to purchase annual or daily parking permits:

Division of Campus Parking 1201 W University Avenue, Urbana Located in the parking garage west of the Beckman, across from Perkins	333-3530	www.parking.illinois.edu	parkingcomments@illinois.edu
---	----------	--	--

Zipcar

If you don't want to purchase a vehicle, but don't want to carry a load of groceries on the bus, rent a Zipcar. Become a member for a nominal fee, and pay for only the time you use the car - and you don't pay for gas or insurance! There are 10 Zipcars located at various locations around Champaign-Urbana and on campus. Call 1-866-4ZIPCAR or visit www.zipcar.com/universities/university-of-illinois-champaign-urbana for more information. Many of our students use this service regularly.

Uber Cars/Taxis

Relatively new to the area, you can call for an [Uber](https://www.uber.com) driver to provide you with transportation around town. You can also call one of the many taxi cab companies in town. I have used several companies including: Arrow, (318-9009), R&H Cab (721-6095), and Safeway (637-1573).

Purchasing a Vehicle

If you plan to purchase a car to use while you are here, there are many reputable dealerships in town. You can also find good deals on used cars on-line, in the newspaper, or at some used car lots. But "buyer beware" when purchasing a used car! Make sure you take it on a test drive to see how it runs before you purchase it and then take it to a good mechanic as soon as possible to make sure everything under the hood is as it should be.

If you are in the market for a motorcycle, there are a couple motorcycle dealerships in town that sell new and used bikes and a couple that sell nice used bikes. Again, you can find used motorcycles in the newspaper or on-line. If you need info on repair shops, please contact me. I know a couple good ones.

Please remember if you do decide to purchase a vehicle, you are required by law to purchase insurance, must pay an annual registration fee with the State of Illinois, and have a valid US driver's license.

Car Repair

If you have your own car, chances are you will need something repaired at some point, and regular maintenance to keep it running in tip top shape. If you purchase a new car, you will probably need to go through the dealership where you purchase the vehicle. It costs more, but many car makers require new cars be taken to a dealer for warranty/prescribed maintenance and covered repairs.

Here are a few non-dealerships I have used over the years:

<p>Farm & Fleet www.farmandfleet.com 2701 N Cunningham, Urbana 367-1354</p> <p>Where I go for oil changes, tire rotations, and other minor vehicle repairs. They also sell tires, new auto parts, food, clothes, etc.</p>	<p>CarX Auto Service www.carx.com 601 E University Ave, Champaign 352-0124 906 W Bradley, Champaign 352-9700 2216 S Neil St, Champaign 531-3900</p> <p>Fix brakes and exhaust systems, oil changes, tires.</p>
<p>Sammy's Auto Electric Service Inc 1907B W Springer Dr, Champaign 398-3864</p> <p>Alternators, starters, generators, etc. Custom electrical rebuilding, diagnostics, and installations.</p>	

There are many "quickie" oil change places in town. I've used these before:

<p>Jiffy Lube www.jiffylube.com 1201 N Prospect Ave, Champaign 351-5823 1901 S Neil St, Champaign 351-4116</p>	<p>Wal-Mart Tire and Lube Express www.walmart.com 2610 N Prospect, Champaign 352-0700 100 S High Cross Rd, Urbana 344-6148 505 S Dunlap, Savoy 355-5845</p> <p>Oil/tire changes.</p>

If you are mechanically inclined, or have very minor repairs to make, here are some places where you can pick up parts for your vehicles. You can also find these items at places like Farm and Fleet, WalMart, and Meijer.

NEW parts

USED parts

<p>Auto Zone www.autozone.com 311 E University Ave, Champaign 352-2522 609 N Mattis Ave, Champaign 356-7068 606 E Main St, Urbana 328-9903</p>	<p>Mack's Auto Recycling www.macks-auto.com 1309 E Kerr, Urbana (auto) 367-6219 Used parts, used cars, and repair service available. macksauto@macksrecycling.com</p> <p>They also run Mack's Twin City Recycling at 2808 N Lincoln Ave, Urbana 328-2100 for your household recycling drop-offs.</p>

Shop ‘Till You Drop!

Food Shopping

There are many different places to shop for food in Champaign-Urbana. You can find just about anything you crave!

Grocery Stores

“No-Frill”/ “Warehouse” Grocery Stores

These places are the **cheapest grocery stores** in town! They mainly carry generic, or non-commercial brand name, food items, though they do have good deals on some name brand items. These places are where to go if you are on a budget...or just like to save money. NOTE: At Aldi’s, Save-A-Lot, and Ruler, you will need to bring your own bags and generally have to pay a quarter to use one of their shopping carts (refundable when you place it in the cart return).

Aldi aldi.us 801 W Interstate Dr, Champaign 3102 E University Ave, Urbana 605 N Dunlap Ave, Savoy	Save-A-Lot save-a-lot.com 220 N Broadway, Urbana 384-6885

County Market www.countymarket.com

County Market stores are probably the next least expensive grocery stores (not including the Super Discount Stores listed later). They generally have good prices on fruit and vegetables, have weekly specials, and have their own delis and bakeries. They also have their own “brands” which are just as good as commercial brands, and are cheaper! Both are open 24 hours.

Also owned by the Neimann Foods company, **ValuCheck** (1914 Glenn Park (off Mattis, N of I-72), Champaign 356-8242) is a lower-end store. **Harvest Market**, (2029 S Neil St, Champaign 355-7878) on the other hand, is an upscale store. They offer a restaurant, bakery, deli, bar, cooking education area and more! www.goharvestmarket.com

If you can afford it, Schnuck's stores are really nice. They tend to be a bit expensive, but have incredible selections on produce, meat, and bakery items. You *can* find lower price items on sale.

Farmer's Markets

During the summer months and early fall (May-November), there are many outdoor Farmer's Markets that sell fresh produce from local growers. Several of the shopping malls will host these markets in their parking lots at various times during the week, as well as on the Quad, and in some neighborhoods around town. Market at the Square is a Saturday morning farmer's market located at Lincoln Square in Urbana (urbanamarket.org 384-2319). It is loaded with wonderful finds from the area – baked goods, produce, flowers, etc. They move inside during part of the winter! Check the papers for other locations.

Roadside Produce Stands

You can also find Roadside Produce Stands that sell Indiana melons, sweet corn, and tomatoes toward the end of the summer. Nothing is better than fresh-off-the-farm Illini Double sweet corn or sun-ripe tomatoes, though they can sometimes be expensive. Indiana melons are bigger and sweeter than the ones in the stores from California. They grow it better in the Midwest!! One regular stand is located on Springfield Avenue, west of Mattis, in front of Lil Porgy's BBQ (listed later).

Specialty Shops

Please note that, in general, specialty shops, or shops that carry only one or two main items, are more costly than your super stores or regular grocery stores. A lot of times, however, they are the only place you can get certain items, and it is, therefore, worth the extra cost. Some of these shops are listed below.

International Food Shops

The University of Illinois draws students from all over the world. There are a few stores in town that carry international foods and spices, vegetarian foods, health foods, and gourmet items. I haven't shopped in all these places, but thought I would list them for my international students.

Super Discount Stores

Super discount stores have an unbelievably wide variety of items (from food to clothing to toys to electronic equipment to automotive supplies to garden supplies to pet supplies to pharmacies to photo processing...the list goes on and on!) And all have fairly reasonable prices on most items. Some are even open 24 hours for your shopping convenience. The North Prospect corridor is the mega-shopping area for these stores in Champaign, though Savoy is becoming as popular!

These **super discount stores** are **open 24 hours a day** – and **have grocery stores** (they are now offering to shop for you – you order, arrive a couple hours later, pay, and drive away!)

These stores do not have grocery stores – though they do offer some packaged food items – like bulk packaged candy and nuts. They offer everything from candy to car parts (they even have baby chicks, ducks, and turkeys in the spring)!

Pharmacies (Drug Stores)

Traditionally, pharmacies were for prescription medication services, along with over-the-counter drugs such as aspirin, cold remedies, allergy medication, antiseptics, and personal care items (such as hair care products, deodorant, soap, perfumes, makeup). Nowadays they carry liquor, stationery, back-to-school supplies, greeting cards, holiday decorations, quick to prepare foods and snack items, and groceries like eggs, milk, and bread! Some have photo labs in the stores and are about the only places left where you can have photos developed. Many offer immunizations for flu and pneumonia during the fall.

When purchasing over-the-counter medications and personal care items, you can buy the commercial brands, which tend to be more expensive, or you can get generic or store brands at significantly lower prices. Generic brands are almost identical to the brand names, at least for medications. Patents are granted for new medications, and when the patents run out, other companies are allowed to produce the medications – most times for much less than the original drug.

Note: most of the grocery and super stores have similar items and services as drug stores and are somewhat cheaper. Drug stores tend to be more conveniently located in town (like on busy intersections), and therefore, easier to drop by and pick up something quickly. You are paying a little more for convenience.

Here are the two major chains in town that have many locations. Additionally, there are also stores in the some of the local Carle and Christie Clinic health care facilities.

Shopping Malls

Having already addressed the cheaper places to shop, I would be remiss not mentioning some of the more popular, trendy, and somewhat more expensive places to shop. There are several shopping malls located in Champaign-Urbana, and all are on bus routes. Shopping malls are usually enclosed areas that house many separate businesses within their walls; mostly major department stores, trendy clothing and shoe stores, along with specialty stores, and places to eat. Many of the stores are not inexpensive, but have good sales. We also have “strip malls” – open-air shopping malls with stores, generally arranged in a row. I discovered that there are far too many to mention here, with more opening up daily!

Market Place Mall is the largest mall in town. It has clothing and shoe stores, jewelry stores, gift shops, specialty stores, music and bookstores, and a food court. There are several major department stores located in Market Place including Bergner’s, Macy’s, and JC Penney. You can also find other big name stores like: Aéropostale, Bath & Body Works, Banana Republic, Edie Bauer, Footlocker, Gap, Old Navy, Pandora, Pink/Victoria’s Secret, Yankee Candle, and Spencer’s.

<p>Market Place Mall www.marketplacemall.com 2000 N Neil Street (north of I-74), Champaign 356-2700</p>
--

There are some smaller malls in town, but they are dying out. Lincoln Square was one of the first enclosed malls in the US and was THE place to shop when I was growing up here! These malls no longer have big name department stores. Country Fair, Sunnycrest, and Market View are not enclosed, but have a few stores and places to eat/drink.

Strip Malls

Strip malls are springing up all over and are very popular – though again, you are generally paying a little more for convenience. These malls usually house a specialized shop or two, maybe a restaurant, and then smaller shops like a dry cleaner, nail shop, tanning salon, cell phone company, or video gambling cafe. Clothing and Accessories

Probably the least expensive places to purchase new clothes/accessories are from the “super discount stores” like **Meijer, Target, and WalMart**. They have nice selections at good prices and I have purchased a lot of my clothes from these places over the years. For used clothes, check out local **garage sales** for the absolute lowest prices.

Here are some other places for great deals:

Cindy’s Favorite Department Store

You pay a little more for items not on sale, but they have sales almost every week! I have purchased some of my favorite clothes/housewares from here. They also have a Rewards program and Kohl’s cash, which keeps you coming back for more.

<p>Kohl’s www.kohls.com 109 Convenience Center Rd, Champaign 352-0431</p>

“Budget” Clothing Stores

There are a lot of new and used furniture stores in town. Below are some places you can get decent used furniture for a fraction of the cost of new. You can also check the local papers (Thrifty Nickel, News-Gazette), along with garage sales, auctions, antique stores, and on-line sources such as Craigslist and Facebook local garage sale sites.

Home Decor

For those little extras that help make a house a home, here are some places to go for wonderful décor items. Of course, you can also find items at the super and special discount stores, but for higher end items at decent prices, these are good places to shop.

Used/Antique

I personally like hunting antique shops and the resale stores (see Used Furniture), as I like items from by gone eras. I am not listing all the antique shops here as there are too many local shops, both in town and around the area. You can also find great items at garage sales for very reasonable prices.

For a Little Bit of Everything

YMCA Dump and Run

Basically a huge garage sale for charity, the YMCA Dump and Run is the place to go for inexpensive items. It is only held for 2 days at the end of August – usually the first weekend after U of I classes start – at the UI Stock Pavilion, 1402 W Pennsylvania, Urbana. Visit www.universityymca.org/dump_and_run for more information.

Champaign County Humane Society GIANT Garage Sale

Also held once a year – Memorial Day weekend at the end of May – this is their big fund raiser for the animals. They have wonderful donated items at incredibly low prices. The sale lasts 3 days: Friday-Sunday. Come early, come often as there is never enough room to put everything out at once, so it becomes a new sale every day!

Bookstores and Libraries

Libraries

If you want to curl up with a good book, probably the cheapest thing to do is to go to the local library and borrow a book for free! The U of I boasts **one of the largest public university libraries in the nation!** All registered students have access to the University library services.

U of I Main Library www.library.illinois.edu 1408 W Gregory, Urbana 333-2290

There are also 2 public libraries in C-U. Library cards are free to residents of the city where the library is located. You can also purchase, for a nominal fee, a card that gives you access to the other city's library. You can borrow CD's, videotapes, books. Tax forms are available Jan-April, as well as tax assistance. There are also seminars, story-telling events, etc.

Miscellaneous

Lookin' Good - Beauty Salons and Spas

Over the years, many students have asked where to go for an inexpensive hair cut in town. There are literally dozens of beauty salons in town where you can get a haircut or style.

Hair Care

While I was the wife of a struggling grad student, I went to Supercuts for inexpensive haircuts and was always happy with the results. Here are some other suggestions:

Cost Cutters Family Hair Care www.costcutters.com 10 E Green (at Neil), Champaign 398-6098 2018 N Prospect, Champaign 355-8443	Hair Cuttery www.haircuttery.com 24 E Green (E of Neil), Champaign 398-9127

Beauty Schools

You can also try your luck at a local beauty school, where students perform services under direct supervision of licensed cosmetology instructors. It is probably the least expensive way to go. I had pretty good luck in most of my experiences, both growing up and in my early college years, except for one time in Los Angeles the week before my wedding... ☹

Full Salon Treatments/Spa

If you are looking to truly pamper yourself, go for a full service salon! They cost more, but are worth it. I am including my personal recommendations here. I would suggest asking friends for references, too.

Timothy John Salon & Spa www.tjsalonandspa.com 404 W Green (east of campus), Urbana 344-4720 Timothyjohnsalon@gmail.com A full service salon. They do cuts, color, facials, manicures, massage, etc. For a great cut/color, ask for my friend Margaret Fix (tell her I sent you)!	Blondi's at The Salon House www.thesalonhouse.com Unit D, 2918 Crossing Court (Windsor and Duncan), Studio 112, Champaign 841-1766 combsd39@gmail.com Deb Combs has been cutting my boyfriend's hair for over 20 years.

Looking to Adopt a Pet?

If you are looking for a *lifelong* companion animal, the best thing to do is to ADOPT a pet from a local rescue group...they are the best pets ever! Aren't looking for a pet, but would love to get involved in helping homeless animals while you are in town? These places are always looking for volunteers. You get to help to bring a little joy into their lives, and they into yours! These worthwhile organizations host many fundraising events throughout the year to help the animals that come through their facilities. For other local shelters, check on-line at Petfinder www.petfinder.com.

Entertainment

When you're not studying or conducting experiments, you may want to enjoy some of the recreational activities available in Central Illinois. I don't like to spend a lot of money on entertainment. Events such as street dances, hiking, and stargazing are all free of charge. Admission charges usually apply at concerts, movies, museums, etc., but if you are a student, **ALWAYS ASK ABOUT STUDENT DISCOUNTS**, as most places will give discounts to students with school ID cards!

C-U is located almost equal distance from Chicago, IL, Indianapolis, IN, and St. Louis, MO if you are looking for a more metropolitan scene, but there are still a lot of things this immediate area has to offer. Check out the Visit Champaign County site for up-to-the-minute info on what's happening all year round: www.visitchampaigncounty.org.

On Campus

- The [State Farm Center](#) – aka Assembly Hall – is located at the south end of campus, on Florida Ave. It holds a wide variety of events from U of I basketball games, to Broadway productions, to rock, country, Christian, and pop concerts. It also plays host to marching band performances, conventions, and craft shows. Ticket office: 333-3470.
- Go Fighting Illini! The U of I has a multitude of [sporting events](#). There is men's football, men's and women's basketball, as well as stellar men's baseball, tennis, golf and gymnastics teams, and women's volleyball, softball, and gymnastics teams! We have track, soccer, wrestling, etc. There are also wheelchair sports, like basketball and track (Superstar marathoners, Tatyana McFadden and Jean Driscoll, are from the U of I). Tickets are available through the State Farm Center ticket office (866-ILLINI-1) or on-line at www.fightingillini.com email: illinitickets@illinois.edu

I love arts and crafts projects, so I've included some good places to go for these items as well. If you are interested in creating your own cards/scrapbooks, please ask me as I know several Stampin' Up demonstrators (and have a rather large collection of my own stamps and supplies). And, in case you are invited to any costume parties, or want to have one of your own, I've thrown in some party and costume shops here, too.

Indoor Sports

My favorite indoor sport is pool. My second favorite is bowling. And for those of us who like to eat, drink, and socialize while we play, we join leagues! All of the places below have food and drinks, too.

Campus Recreation Activities

Full-time registered U of I students assessed a “service fee” (which is waived with your RA tuition waiver) have automatic membership and can participate in various programs and activities through Campus Recreation for basically FREE. Rock climbing, hockey, ice skating, aquatics, table tennis, badminton, squash, tennis, soccer ...you name it, they have a program/activity for you!

Outdoor Recreation

You can find fun things to do outside year round, in spite of the change of seasons. Where fall and spring are my favorite times of year, summer and winter hold their own special charms. A walk in the snow on a sunny day can be as invigorating as a stroll in a summer storm!

Parks and Nature Preserves

The State of Illinois has a lot of tourist attractions to offer, especially pertaining to one of our country’s most famous presidents, Abraham Lincoln – such as the Lincoln museum and presidential library in Springfield (listed under museums). Check out www.enjoyillinois.com for suggestions.

For those of you who enjoy nature, the State of Illinois has many beautiful state parks you can visit. Check out www.dnr.illinois.gov/recreation for information. There are also several local parks and nature preserves where you can hike, fish, bike, boat, and camp. The local parks present free summer concerts. Call for schedules.

Located in Parke County, Western Indiana

About 1 hour's drive from Champaign and well worth the trip! These are my favorites, but you can find others at: www.in.gov/dnr/parklake. Indiana differs from Central Illinois in that there are rolling hills and deep ravines in the parks. Be forewarned: entrance fees are charged at some Indiana parks. And no off-trail hiking is allowed.

Astronomy

Stargazing is one of the most inexpensive forms of entertainment around... go just out of town to the country and look up! There are several major meteor showers each year: in August, in October, and potentially spectacular ones in November and December. There are other minor showers throughout the year as well. The Milky Way is also very visible...as long as the clouds cooperate and you aren’t near the light pollution!

Restaurants

Champaign-Urbana has a wide array of restaurants, with a wide variety of foods, at a wide range of prices. For whatever reason, some restaurants only last a year or two, but there are always new ones opening up.

You will probably be spending a lot of time on campus, where you will be discovering your own places to eat. For that reason, most of the restaurants I list here are located off campus. There are many good restaurants in Campustown and I encourage you to try them. I've put asterisks (***) next to the places that I like located on or very near campus.

I am listing many of my favorite places here, listed by the primary type of food they serve. Most places listed are relatively inexpensive or moderately so – easily affordable on a University employee budget. And most have some sort of vegetarian and/or gluten free fare available. Bon Appetit!

Coffee Shops

Coffee seems to be a popular beverage any time of year. There are several coffee shops (that also serve food items) in Champaign-Urbana, with several different venues on campus. You can also find coffee at shops in the malls and "grind your own" at the local grocery stores. I don't drink coffee, but here are a few of the more popular places I've been told about.

Bakeries and Dessert Shops

Probably the cheapest way to get your sweet tooth satisfied is to buy an inexpensive cake mix and a can of frosting, however that requires some effort on your part, not to mention a kitchen. Another inexpensive option would be to purchase something already prepared. Almost every grocery store, discount store, pharmacy, or gas station has a “bakery” section with pre-packaged sweets (like say Twinkies or donuts), and sometimes a frozen section where you can buy frozen cakes and pies. Not bad for every day, but sometimes you just need something special, for a birthday or graduation party, for example.

Bakery Outlet Stores

Bakery outlets sell breads, rolls, etc., that are close to or one day past their “expiration” dates. The food is still perfectly fine for consumption and is sold at bargain prices!

American Food

Americans – or at least many living in the Midwest – love their meat and potatoes! Most eating establishments in town feature a variety of meat selections besides the most popular beef option these days (like chicken and fish) along with something vegetarian or “healthy” on their menus (like salad). Many places also offer gluten-free selections.

Breakfast

Most family-style restaurants offer breakfast items on their menus. Here are a few of my favorite places that specialize in breakfast foods – waffles, pancakes, omelets, etc.

<p>The Original Pancake House www.originalpancakehouse.com 1909B W Springfield, Champaign 352-8866</p> <p><i>Incredible</i> pancakes, waffles and home fries. Food Trucks

Food trucks have become very popular here over the past 5+ years. Most will show up to the big festivals, Market on the Square, local fundraisers and events, and they even have a regular Food Truck Rally in downtown Urbana. Mexican Food

Mexican food is my all-time favorite food, with pizza a close second. I got spoiled living in West Los Angeles where my favorite restaurants served *real authentic* Mexican food! (In my favorite Los Angeles restaurant, *Paco's Tacos*, Mexican women make fresh, handmade tortillas on a special grill and serve them hot to your table. A little trivia: in the movie "Jerry Maguire," Tom Cruise and Renee Zellweger have their first date at Paco's!) Anyway, here are my *local* favorite Mexican places:

<p>Fiesta Café www.fiestacafe.com **216 S 1st, Champaign 352-5902</p> <p>I love their food, especially their chicken/mole tamales and cheese enchiladas. Thai, Japanese, Chinese Food

Thai

I love Thai food, though it tends to be a bit pricey. It is that perfect mixture of sweet and spicy. We are lucky to have several places in town; unfortunately, no one serves my favorite dish: Mi Krob. ☹

Out of My Normal Price Range

If you have a special occasion to celebrate, the following places will offer nice atmosphere, along with wine menus and the other niceties a more up-scale restaurant has to offer. Generally, lunches at these places are cheaper than dinners, though sometimes the portions are smaller or they offer a limited menu at lunch. Another way to beat the higher prices is to go for their dinner specials (2-for-1 meals) or look for on-line coupons. There are many more fine dining places in town you may discover while you are here.
